

Microsoft Entra Recommended Actions Summary

[EntraFF-05] Fix MFA Conditional Access exclusions across user and service accounts

MFA should be enforced for all users, Demo users are currently excluded, options are:

1. Convert Demo accounts to Shared mailbox (reducing MS licenses) and allow Email as a form of MFA.
2. Require all FITFILE users to have their own account and remove Demo users entirely.
3. Continue to exclude demo users from MFA.

[EntraFF-04] Remove User Access Administrator from DevOpsEngineers group

Enable Privileged Identity Management for required users: PR, OR, LO, RM. This requires increased License costs (see below MS Admin Center section)

[EntraFF-02] Reduce Global Administrator count

- Reduce Jumpcloud connector permissions.
- Breakglass account keeps GA and is kept safe by Philip.
- Philip to get Global Reader, Billing Reader – no PIM needed.
 - o Option to give Philip additional roles such as User Admin with PIM enabled (PR shouldn't need to create or access compute/DB resources, etc)
- Robin to keep Global Administrator – PIM enabled.

[EntraFF-06] User Consent for Applications Not Restricted

Configure user consent to require admin approval for all applications, or restrict to verified publishers only

[EntraFF-07] Non-Admin Users Can Create Security Groups

Restrict security group creation to administrators only via Entra ID > User Settings > "Users can create security groups in Azure portals, API or PowerShell" = No

[EntraFF-08] Non-Admin Users Can Register Applications

Set "Users can register applications" to No in Entra ID > User Setting

[EntraFF-12] No Diagnostic Settings or Activity Log Export

Tech team: TO BE CONFIRMED

[EntraFF-18] AKS Local Accounts Not Disabled

Tech team: Requires testing before enabling on all clients:

Disable local accounts: az aks update --name aks-ff-uks-gp-1 --resource-group rg-ff-uks-gp-net -- disable-local-accounts

[EntraFF-22] Jumpbox VM – Password Authentication Enabled

Tech team: Consider whether SSH access is viable across all installations

Review Microsoft 365 Business Basic licenses

Name	Action
Adam Gilbert	Keep?
David Reeves	Keep?
Doreena Ross	Keep?
Gokce Civelekoglu	Remove
Ihor Zemtsov	Remove
Pavlo Kotov	Keep?
Pentester1	Remove
Pentester2	Remove
Pentester3	Remove
Pentester4	Remove
Ross Law	Keep?
Support	Convert to shared mailbox?

£4.60 each, total saving (7) £32.20

Unsubscribe Microsoft Entra ID P1

This is an unassigned license, possibly from Gareth cost £4.60.

Review Office 365 E3 licenses

Currently there are 3 spare licenses and those not off boarded:

Name	Action
Darren Lee	Remove
Jon Bradshaw	Remove
Yasir	Remove
3 currently spare	Keep

£20.60 each, total saving (3) £61.80

Add Microsoft Entra ID P2 licenses

For users that require permissions to work in Azure, purchase Microsoft Entra ID P2 licenses which include Privileged Identity Management, meaning that their privilege escalation requires automated approval and is audited.

Cost £6.90 per user/month

Total cost changes

Type	Unit cost	Quantity	Cost Difference
Microsoft 365 Business Basic	4.60	7	-32.20
Microsoft Entra ID P1	4.60	1	-4.60
Office 365 E3 licenses	20.60	3	-61.80
Microsoft Entra ID P2			+27.60
Total			-71.00

AWS Recommended Actions Summary

it-infrastructure

- ~~Change account contact phone number - either Philip or Robin~~
- ~~Review Address (de haviland drive)~~
- ~~Add Alternate contacts, billing, operations, security (empty)~~
- Enable root access mgmt:
https://docs.aws.amazon.com/IAM/latest/UserGuide/id_root-user.html#id_root-user-access-management
